# Introduction

---

This Specification contains necessary information for both candidates and Approved Programme Providers (APPs) about the WSET Level 1 Award in Beer.

The main part of the document is a detailed statement of the Learning Outcomes of the Level 1 Award in Beer. These outcomes should be used by APPs to prepare programmes of learning, and by candidates to plan their studies, because the exam is specifically set to test these outcomes.

The Specification also provides a list of recommended tasting samples, guidance concerning the exam and the exam regulations.

At the end of this document you will also find information on the other WSET qualifications.

## Introduction to the WSET Level 1 Award in Beer

---

### Qualification aims

The Level 1 Award in Beer is a beginner level introduction to beer, intended for people who have little or no prior knowledge. It is designed to provide a sound but simple overview and is suitable for those starting a career in the industry or pursuing an interest in beer.

Successful candidates will be able to list and state the purpose of the main ingredients and production steps used to make beer, state the key characteristics of specified beer styles, and know the key principles involved in successful beer and food pairing and storage and service. They will consequently be able to answer customer queries and provide recommendations for beer service.

### Qualification structure

#### Learning Outcomes

In order to meet the qualification aims, there are three Learning Outcomes.

<b>Learning outcome 1</b>	Know the main ingredients and the main steps used in beer production.
<b>Learning outcome 2</b>	Know the specified styles of beer and state their key characteristics.
<b>Learning outcome 3</b>	Know the key principles and practices involved in the storage and service of beer.

---

### Entry requirements

There are no restrictions on entry to the WSET Level 1 Award in Beer.

Please refer to Section 1 in Chapter 5 for additional eligibility information.

### Total Qualification Time (TQT) and Guided Learning Hours (GLH)

TQT is an estimate of the total amount of time, measured in hours, that a learner would reasonably need to be able to show the level of achievement necessary for the award of a qualification. It is made up of GLH and private study time. GLH include all tutor-supervised learning and supervised assessments.

The TQT for the Level 1 Award in Beer is 6 hours of GLH. This includes 45 minutes for the exam.

### Recommended progression routes

The WSET Level 1 Award in Beer provides a good foundation for progressing to the WSET Level 2 Award in Beer.

**Assessment method**

The WSET Level 1 Award in Beer is assessed by a closed-book theory exam of 30 multiple-choice questions, to be completed in 45 minutes. Each question has only one correct answer, which should be indicated on either (a) a computer-readable answer sheet, or (b) a computer/other device, depending on the mode of assessment delivery. Full instructions on how to complete the test will be given on the day of the exam.

Each correctly answered multiple-choice question is worth one mark, and marks are NOT subtracted for incorrect answers. A candidate is required to pass with a minimum mark of 70 per cent (21 marks out of 30).
