

WSET RI Candidate Quick Guide

This document is vital to help make sure your devices are setup and ready to go before your System Check and Exam Setup. Please review each section of the [Table of Contents](#) and follow applicable directions. As a reminder, it is extremely important you complete your System Check immediately once the link is received and you have followed guidance in this document. The System Check email is sent to you 10 days in advance and if still not completed, you will receive a reminder to complete 72 hours (approx. 3 days) before your exam.

Note: *Completing your System Check immediately upon receipt and 7 days before your exam allows you plenty of time to find suitable devices and/or seek additional help from your WSET Approved Programme Provider (APP) if you experience troubles during your System Checks. Whereas waiting less than 7 days can be problematic.*

After reviewing and following this document to ensure your devices are set up and once you click on the system check link or exam link, you will be given simple prompted instructions on how to complete checks and your exam setup. Your exam link will be sent 72 hours (approx. 3 days) before your schedule exam date and time. Your exam date and time will be provided to you by your WSET APP. The starting time of your exam is when you will begin the exam setup. You will be instructed to then begin the exam when the setup is complete. The exam clock begins when you enter the exam.

Specific Restrictions

With the continual introduction of new hardware, there are some issues we are aware of which have settings that could potentially block access to ProctorExam platform. Below are details on how to amend settings to allow access.

Lenovo - In order to allow enable webcam please click on this link:

<https://success.highfive.com/hc/en-us/articles/360004684891-No-Video-from-Camera-on-Windows#lenovo>

MacOS Catalina and Big Sur - In order to grant access to folder permission to allow you webcam, microphone and screen sharing please click on this link: <https://nektony.com/duplicate-finder-free/folders-permission>

Work related devices - Attempting to use a device and/or a VPN that is intended for work purposes may have restricted access and admin rights installed. Personal devices should be used whenever possible. If you are using a work device, you may find that you are not able to use the platform due to settings and security applied by your IT. This may cause issues when trying to access the ProctorExam platform and therefore it is recommended to use a personal laptop. **Note:** *We cannot guarantee a successful testing experience if a work device is used.*
